## Mango trade not sweet this time, say farmers

By Our correspondent  
Kalyanpur (Saptari) July 1

Contractors and the local farmers are facing huge losses after failing to supply mangoes to the market due to the prolonged nationwide lockdown.

The farmers and the contractors who had taken the mango garden in contract have faced panicked after failing to supply the mangoes to the market due to suspension of the public transportation services in the lockdown, said farmers.

Although production of mango has increased by 13 times this year compared to last years, farmers are finding it difficult to send the fruit to the market.

Large amount of ripe mangoes are decaying in the garden of Kalyanpur due to lack of transportation facilities to supply them to the markets, including Kathmandu, Pokhara and Butwal, said Mohammad Kamal, proprietor of BK Fruits Centre, Kalyanpur of Khadak Municipality-6, Saptari.

He said that the

investment of farmers and the traders was in risk due to the impact of lockdown this year.

"The government has to provide compensation to the losses faced by the farmers this year," he said.

Traders are selling mangoes at the streets after being unable to supply to the major markets of the mango.

Around 96,000 tonnes of mangoes were produced this year while only 7,000 tonnes were produced last year.
